REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art fails to teach a method which includes inserting a retaining structure extending from the lower surface of the lower grommet into a bore formed through the substrate. For example, Weiland et al. (U.S. Patent 5,285,551) teaches interconnecting upper and lower grommets, but the only portion securing the lower grommet to the substrate by insertion into is the fastener, which neither meets nor provides one skilled in the art motivation for meeting the limitations regarding the retaining structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary Hartmann whose telephone number is 703-305-4549. The examiner can normally be reached on Monday through Thursday, 9am-7pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Will can be reached on 703-308-3870. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
